Uncompromised Quality

The quality of IEA TAFE courses are offered at the highest standard. In addition to direct contact hours, students will have the opportunity to access trainers to discuss the content of the course and units of study, receive feed back and complete assigned tasks with additional guidance and support.

Flexible Learning Pathways

The opportunity for students to undertake their studies in Semester length courses offers the flexibility of studying in the first half or second half of the year, thus enabling students to return to work or seek employment earlier.

With Semester length courses students can now take advantage of additional training opportunities. There is the opportunity to complete two qualifications in one year.

The IEA College of TAFE welcomes School Leavers, Non-School Leavers and any Working Class individuals for enrollment at the College.
